About Us

The STEM Education Outreach program was founded in 2007 at UCCS. This was made possible with a generous grant from the Air Force Office of Scientific Research. We strive to inspire & teach K-12 students.

STEM Outreach Goals:

Engaging students of all ages through STEM activities to:
- Foster creative problem solving
- Grow a mindset towards innovation
- Exploring STEM career opportunities

Science Workshops

- Environmental Forensics
- Kitchen Chemistry
- Food Calorimetry
- Awesome Aquifers
- Elephant Toothpaste
- Physics of Bottle Flipping
- CSI
- Slime

Technology Workshops

- Game Programming
- Green Energy (Solar & Wind)
- GPS/Geocaching
- Sphero Robots
- LEGO Robots
- Paper Circuits
- Makey Makey
- Bee Bot Robots
- Squishy Circuits
- Google Hacking
- E-Textiles
- Solar Cars

Engineering & Math Workshops

- Arduino/Raspberry Pi
- Spacesuit Challenge
- Rube Goldberg Machine
- Snack Mixing Machine
- Mars Lander
- Indoor Flyers
- Penny Boats
- Rockets
- Catapults
